RENERGEN APPOINTS BRIAN HARVEY AS CFO

Domestic natural gas and helium producer Renergen is pleased to welcome Brian Harvey as its new Chief Financial Officer (CFO), effective from 1 May 2021.

After obtaining a Bachelor of Technology in Mechanical Engineering and working for De Beers Diamond Research Laboratories, Brian went on to qualify as a Chartered Accountant and work for companies including Anglo American, Royal Bafokeng Holdings, Weir Minerals Africa and Middle East, amongst others. He joins Renergen from Resource Generation Limited, a dual-listed company on both the ASX and JSE where he was CFO.

"Finding an experienced CFO with a technical background in engineering, and experience in the oil and gas sector is not easy. Brian brings a wealth of knowledge and expertise, and we look forward to his contribution towards streamlining the Company's finance department as Renergen moves from exploration into production," said CEO Stefano Marani.

"I am excited for the opportunity to be part of this dynamic team and look forward to contributing to the future continued success of Renergen," said Brian Harvey
