COMPLETION OF THE FIFTH MAJOR MILESTONE AT THE VIRGINIA GAS PROJECT

Domestic natural gas and helium producer Renergen is pleased to announce the completion of the fifth major milestone at the Virginia Gas Project on time, as the company works towards commencement of production in 2021.

The milestone includes, the shipment of the following equipment from China to South Africa;

- EAG heater, LN2 vaporizer, BOG heater, LNG vaporiser, and electrical control equipment
- Cryogenic vacuum jacketed piping
- LNG/LHe process plant compressor modules
- LNG bulk storage tanks

"Despite the challenging work environment, as a result of Covid-19 pandemic and the resultant impact to global supply chains, the team has continued to mitigate these impacts to deliver on our stated goal of commencing production in 2021," said Stefano Marani CEO, Renergen.
