SUCCESSFUL APPEAL OUTCOME

As was previously announced, a dispute arose between Tetra4 and Springbok Solar Power Plant (RF) Proprietary Limited (“Solar Developer”) regarding their solar development encroaching upon Tetra4’s production right.

The defective Section 53 MPRDA approval for the Solar Developer’s solar facility has been formally revoked.

The Director-General of the Department of Mineral and Petroleum Resources ruled in favour of Tetra4 on 9 April 2025, thereby upholding Tetra4’s appeal against the Regional Manager of the Department of Mineral and Petroleum Resource’s decision concerning land use rights.

The Director-General found procedural defects in the approval process by the Regional Manager. Specifically, the Solar Developer failed to consult Tetra4 as required by the MPRDA Regulations.
